

# REMEMBERING BENZIE:

## An Oral History Project February 2021 Update

After a very productive training January 23rd and 24th the student interns are equipped and excited to enter the Legacy Project phase of interviewing. The first round of interviews begins immediately with interviewees suggested by our friends at the Benzie Area Historical Society. Students will conduct these interviews the first two weeks of February followed by a hands on editing workshop February 20th and 21st. After completing this editing workshop, students will create an edited clip, of approximately 5 minutes, that will feature a theme from their interview. The video clips will be posted to the Remembering Benzie YouTube page and the full, unedited interviews will be archived at the Benzonia Public Library and the Benzie Area Historical Society and Museum. Student interns will next select a subject for their second Legacy Project interview and will produce another edited clip.
