Making Your Medical Wishes Known Advance Care Planning Workshop

Wednesday, May 22nd

1-3 pm

Benzonia Public Library
891 Michigan Avenue, Benzonia

Since we never know what may happen on any given day and life can bring unexpected twists and turns, it can be difficult to know what decisions may need to be made. Medical issues sometimes arise that create confusion and uncertainty for patients, their families, and medical staff. Everyone wants to do the right thing – but in some cases, it's not always clear. A little planning now will save those dearest to your heart unneeded stress later. The best time to talk about the type of medical care you may or may not want is when you don't need it.

- Discuss healthcare decisions that may impact quality of life now, in the future, and at end of life.
- Recognize the importance of choosing the right person to communicate your wishes if you are ever unable to do so.
- Learn how to have conversations with loved ones about your goals for living a meaningful life
- A page by page walk through of an advance directive with instructions for how to complete one.

Benzie County Community Chest Helping Build Hope

Is it possible that poverty could exist in an area as beautiful as Benzie County? With an endless stretch of beaches, crystal clear rivers, and magnificent dunes that extend as far as the eye can see, one can easily be led to believe that we are worlds away from poverty, homelessness, and hunger. But nothing could be further from the truth. Poverty has found a home in Benzie County. It does not discriminate among genders, age groups, or geographical location, and it is becoming a rapidly growing concern.

The Benzie County Community Chest is a charitable 501(c)3 nonprofit organization. We work to raise dollars that support and strengthen programs that assist disadvantaged families in our community. We provide fundraising resources to other non-profit groups and act as a referral agency for families in need.

Our service to Benzie County began in 1966. Our mission continues to be to improve quality of life through active support and service that helps establish, ensure, and strengthen programs that promote the health and wellness of Benzie County and its residents. *Article information from the BCCC website at www.benziecommunitychest.org*
